# COMPANY INTRODUCTION

**KidzTech Toys** Manufacturing Ltd. was established in Sep 2011, just 4 years ago. In that very short time, we have developed a reputation of developing top quality radio control products. With our headquarters in Hong Kong and manufacturing in China, we are structured to produce innovative high-quality toys at competitive prices.

We are current licensees of major vehicle manufactures such as Ford, GM, Volkswagen, Dodge, Bugatti, Porsche, Lamborghini, Kawasaki, and Yamaha. We work closely with designers and inventors, to make sure the KidzTech product is on the leading edge of technical, functional, and design trends.

With our in-house design, engineering, and product development teams working at our wholly owned state of the art facility in Guangdong, we can monitor the entire production process to ensure the product meets the strict KidzTech standards. Our facility has received ICTI, ISO 9001, SA8000, and BSCI certification. These certifications have helped us to provide incredible customer service to our customers around the world.
